

Ordering

1) Members attending the Industry Day may download the forms, print them out, complete them and deposit them in boxes that will be provided at the start of the day. Orders can then be picked during proceedings. (This does not mean that if you suddenly decide, on the day, you simply *must have* such and such a pattern or roll of interfacing, that you can't order it. Just complete another order form!

2) It is important that members, Australia-wide, send combined orders **to McCalls (address on their order forms)** - saving postage for themselves by sending an order as a group that can then be shared amongst all who order. *Also, providing the advantage of being able to share, for example, a roll of black SunSilky lining if you didn't want to buy the whole roll yourself!*

3) Not part of a group? No worries. Place your order yourself, accepting that you are getting the products at a discount, but still have to pay postage. Include your credit card details when ordering.

4) Asking someone to do the shopping for you? No problem but make sure you note on your order form who is collecting it for you and pre-pay so that they don't get a rude shock of being asked to also pay (it happens!)

MAKE SURE you put your name and member number on EVERY Order Form and put your phone number and address also on the pattern forms in the event the pattern you want is out of stock (McCalls will send it to you when it comes in, at no charge to you!)

Prices on Orders are **VALID FROM 1st May until 26 May 2017**
