SEWING WITH KAY PLATTS

Conference room 1 (19 places to be filled)

Enjoy two days of top class sewing with Kay as your guide; make whatever you like over these two days with lots of advice on hand for you to take advantage of.

Tutor Profile:

Kay Platts

I enjoy helping others enhance their sewing skills and pass on my knowledge when asked. After spending many moons lecturing at TAFE in

Fashion and Textiles, specialising in garment construction, pattern making, teaching in other specialised areas in the Diploma of Fashion.

On retirement I was asked to work with the Department of Corrections part time helping woman gain skills in making garments and other sewing projects. I enjoyed this very much for eight years. When asked by Maureen Collibee to do some demonstrations for the Australian Sewing Guild I was delighted to find a group of enthusiastic, like minded ladies who enjoyed learning new techniques and who were willing to share knowledge. Since joining the Guild, I have made many new friends, those who don't scoff at my Stash and who understand the passion and need, not want, to collect FABRIC.

MACHINE EMBROIDERY

Conference room 2 (8 places to be filled)

This year we have a Machine Embroidery group for members, who own an Embroidery Machine and would like to use the retreat to use their machines to create a new project or finish a project or UFO. Bring your machine, Hoops, Threads and all your supplies for a fantastic opportunity to use your machine with like minded members. Maggie and Gill will be available for help if needed.
